

# Tell visitors about your summer destination!

## New summer publication now accepting press releases

**Want to share the latest news and information about your business or organization with visitors and summer day-trippers to the Midcoast?**

A new magazine from the editors of your hometown newspapers, Out & About, will be published this summer running from Bath up the coast to Winterport and everywhere in between.

It'll be chock-full of information about the many things to do, places to visit and learn, and good food available in the area.

**Submit your press release** (up to 250 words) and a photo to [news@villagesoup.com](mailto:news@villagesoup.com). Be sure to include your location, hours of operation and something that makes your destination unique. Put "Out & About" in the subject line.

Also, be sure to contact our advertising department at [sales@villageoup.com](mailto:sales@villageoup.com) or by calling 207 594-4401 to promote your business in Out & About.

**Deadline for the first Out & About is April 22, 2019**, with a publication date in late May.

*We will also be publishing further editions in July and August, so if you miss the first one, send your info in as soon as you can for the next one.*
